# INDEX TO REAL ESTATE RECORD.

VOL. XXXI.

JANUARY—JUNE.

1883.

The following Index of the Conveyances and New Buildings for New York City and Kings County, as published in the REAL ESTATE RECORD during the first six months of 1883, will be found of great utility and value by those of our readers who have preserved all the copies of this paper during that period. Great care has been observed to keep the Index up to the same perfect standard as in the past. The pages are given on which all transfers of realty can immediately be found, and the streets and avenues are subdivided so that very few references are required; for instance, transfers of property on Allen street appear in eight numbers during the six months, which in the Index are subdivided into three parts of the street, so that the least possible trouble need be incurred, a transfer being found by referring to but two or three pages, provided it is known between what streets the property is located. The Projected Buildings are indexed in a similar manner, enabling all to readily ascertain on what streets improvements have been made. Those desirous of keeping a permanent file for reference should see that all the numbers are complete, and have them bound. A suitable binder can be had at the office of the RECORD AND GUIDE, 191 Broadway, corner of Dey street, price one dollar.

## MORTGAGES.

*NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.*

*Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.*

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

J. T. JINDSEY, Business Manager.

The Western Union Telegraph Company is to erect a building at Nos. 16 and 18 Broad street. Dr. Norvin Green said yesterday that the building would be begun the 1st of May, and the plan was to make it about eight stories high. By the arrangement of the late ex-Governor Morgan the lease of No. 16 was secured two months ago for twenty-one years, and No. 18 has been secured on the same terms. No plans have yet been drawn for the structure. It is proposed to use the building for the cable business.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

### BUILDING MATERIAL MARKET.

**BRICKS.**—Very little in the way of positively new features have taken place on this market since our last report. Up to the present writing prices remain about as before, at say \$9.00@10.00 per M. to cover all grades of bricks, but there is a gradually stiffening tendency and the influences are more in favor of the seller than the buyer. Yard supplies are holding out fairly, and the aggregate offering about increased somewhat with, however, a balance to be found in the growth of demand, and receivers generally report sales made without difficulty as soon as it became known that stock was available. In fact there is a great deal of old work yet to be completed in various portions of this city and the dependent vicinity, and builders are commencing to push matters vigorously as opportunity admits to make up for the time lost during the unpropitious weather of the winter. As yet no signs are given of the breaking up of the ice on the Hudson, and the available supply of stock in consequence is daily growing smaller. We understand that about the last of the Staten Island product is now loading, and both the Jersey and Long Island manufacturers talk of smaller shipments. Pales have been scarce, but there is daily some inquiry for them, and receivers are confident they could obtain \$5.25@5.50 per M. for good stock.

**HARDWARE.**—The market has very generally continued in a dull and unsatisfactory condition, with nothing of a really encouraging character developed up to the close. The orders given are entirely in jobbing form, and in no case is it possible to induce buyers to anticipate the future, even in the handling of standard goods. The floods in the interior have, no doubt, been instrumental in cutting off considerable trade, but in addition the positive tendency to caution extant is an important factor not to be overlooked. Supplies and assortments are full, and equal to almost any call with sellers quite ready to operate on a basis of steady rates. Among recent announcements, the manufacturers place the discount at 50 and 10 per cent on Empire and Climax Spring Hinges, 65 and 10 do on Acme do, 30 per cent on American and Gem do, 50 and 10 do on Gem Door Springs, Japanned and Coppered; 40 per cent on do, Galvanized and Nickel-plated; 60 per cent on Star Door Springs, Japanned and Coppered; 50 do on do, Galvanized and Nickel-plated; 40 and 10 do on Torrey Door Springs, 15 per cent on Bee and Gray's do, 30 per cent on Domestic Blind Adjusters, 15 per cent on Ratchet Bed Keys, 35 per cent on Show Case Spring Hinges, 30 and 10 per cent on Gem Wire Coat and Hat Hooks and 50 and 10 per cent on Miles' do.

**LATHS.**—The market has been well supported and apparently no difficulty was experienced in obtaining full former rates and placing an additional quantity of stock of some magnitude. Calculations upon the want of dealers in fact have been well founded, and a supply since January 1st largely in excess of the corresponding period last year has been placed at a much higher rate with scarcely an effort on the part of sellers. The amount now afloat is not very extensive and the demand still appears to be good, but there is no disposition to crowd advantages too far in view of the progress of the season and the possibilities of overdoing matters.

**LIME.**—The situation is unchanged. A few arrivals have taken place but they found customers waiting for them, and the sale was quick, with former rates obtained, the tone ruling firm all around.

**LUMBER.**—A few cargoes received coastwise and disposed of without seriously disturbing values indicates that demand is not entirely dead. Sellers, however, appeared quite well pleased that the quantity of stock they were called upon to dispose of was on

larger and the evidences are very strong that an attempt to secure fuller rates would have been a serious drawback to negotiations if it did not lead to complete failure. The truth is dealers are not distributing with the freedom usually looked for at this season, and while the condition of the weather for some weeks contributed to this result to a certain extent fears of an actual shrinkage in the consumptive wants are unquestionably entertained in a few quarters. Confronting the latter idea with the theory that lumber must be lower in the spring irrespective of any removal of duty and it is natural to find the demand of a cautious hesitating nature. Exporters are taking a little stock, more we think than generally credited with, as the outward movement, all things considered, compares very favorably with last year. Assortments are holding out very well except here and there among the small dealers, who, as we noted last fall, failed to lay in much of a stock.

Eastern Spruce has been offered to a moderate extent abroad, but in most cases found customers, it is claimed, and receivers continue to predict only limited amounts coming to hand unsold. "About former rates," also, are suggested, and the tone may be called nominally steady though the market has not for some time really undergone a good solid test and the belief is that an outlet would have to be forced for a much larger quantity of stock should it make an appearance. Here and there a special is banded in for bids but the number is much below the average for the season. On a general range \$14.00 to \$16.00 continue to be quoted, though these figures do not cover extra thickness and length.

White Pine meets with the former slow average demand and there has been nothing of a specially noticeable character in the volume or form of business since our last. Desirable supplies are well enough under control to prevent any great effort to realize, and owners almost without exception look for about former rates with some degree of steadiness. The tariff question naturally comes more or less under discussion, and to some extent affects business, awaiting the final result. We notice that the larger operators, or such as can get together and control liberal quantities of stock, are inclined to be protectionists, while the smaller dealers favor the removal of duty as it will bring them in a position to handle the moderate invoices they require at points heretofore shut off by the duty barrier, but on a free lumber schedule, accessible by rail with a chance for just about as much margin as water shipments. It is generally understood that extra efforts have been made on the Canadian cut of logs in expectation that Congress would remove the duty. We quote \$19.21 for West India shipping boards, \$28.30 for South America do.; \$17.18 for box boards, \$13.50 to \$19 for extra do.

Yellow Pine has found demand enough to show that the market remains steady but this is all the advantage sellers can fairly claim. In fact the change for the better first noted in this column about the commencement of the year is maintained but does not expand with the rapidly hoped for and a portion of the trade are a little dissatisfied. The trouble appears to come in the main from a certain class of small manufacturers who must realize promptly in order to keep going with the natural result to be found in the acceptance of low bids, and demand must assume larger and more anxious form before a positively healthy feeling is restored. Some few specials are under treaty and recent sales have been made at \$21.00 down to \$19.00 with a pretty car order at \$19.50 per M.

Hardwoods of choice quality and especially walnut have been called for to some extent, and would command full rates but buyers do not want culls and other undesirable stuff, nor can they be led to believe that it is "just as good." Exports very fair. We quote at wholesale rates by car load about as follows: Walnut, \$80.115 per M; ash, \$ 5.41 do.; oak, \$40.50 do.; maple, \$30.40 do.; chestnut, \$1.20 do.; cherry, \$40.75 do.; whitewood, 1/2 and 5/8 inch, \$3.35 do., do. and do.; inch, \$28.42; hickory, \$35.65 do.

From among the charters recently reported we select the following:

A Br. barque, 1137 tons, from Pensacola to Belfast, sawn timber, 26; an Ital. brig from Pensacola to Genoa, deals, 46 5/8; two Br. barques, 588 and 649 tons, from Portland to Buenos Ayres for orders, lumber, \$13.50, option of Rosario, \$14.50; a Br. barque, 536 tons, from St. Simon's Island to Buenos Ayres, lumber, \$18.50, net; a barque 725 tons (previously), from Pensacola to Aspinwall, lumber, \$11.75; a Br. brig, 263 tons, from Cedar Keys to Havana, lumber, \$8.50; a schr., 251 tons, hence to Port Spain, white pine lumber, \$4.75.

In coastwise charters we note engagements for this port at \$6.00 from Wilmington, \$6.37 1/2 from Brunswick, \$6.50 from Savannah, \$7.00, from Darien and from Charleston at \$6.25 per M.

#### GENERAL LUMBER NOTES.

##### THE WEST.

##### SAGINAW VALLEY.

##### LUMBERMAN'S GAZETTE, CHICAGO.

Although actual transactions have been limited during the past week, yet the business aspect has assumed a new phase. A number of eastern buyers have made their appearance, and have been fitting hither and thither from one mill office to another in search of something they "just happened to be short of." Some of them, after thoroughly viewing the situation here and posting themselves in regard to certain brands of lumber, on which they have an eye, returned home and will doubtless either purchase by correspondence, or through the commission men with whom they transact their business. There appears to be quite a divergence between the views of buyer and sellers, but nearly all the purchases which have been made were at rates fully up to last fall's quotations, with absolutely no concessions from the price demanded at the commencement of negotiations.

The Northwestern Lumberman as follows:

##### CHICAGO.

AT THE YARDS.—At this date the demand for lumber is decidedly better than last week, and the out-

ward movement has largely increased, yet by the time this issue reaches the reader a change may have taken place, and the manifest improvement been lost through the effect of floods, washouts, broken bridges and mud. In the present uncertain condition of the weather, it is unsafe to predict for even a week ahead. Still the increase in demand may be taken as a favorable sign, and as indicative of the future.

A peculiarity of later inquiry is that from the East. Letters from dealers at various points in the Eastern States are being received, asking not only about uppers, but common stock as well, with an apparent view to purchase. Possibly these inquiries are made only to ascertain the real value of lumber in this market compared with Saginaw and other points at which Eastern dealers procure their supplies. There is a good deal of feeling around with long poles this year, and the motives of men have to be scrutinized sharply. There may, however, be some important meaning to these Eastern inquiries. If we can place any confidence in reports, trade is fair throughout the East, and there is a probability that stock will be largely called for from that section early in the spring. The necessity for more stock may be the motive of the inquiries lately so numerous in the market. Besides, the stocks at Saginaw may not be in such a condition as suits the Eastern buyer—there may be too much coarse lumber proportionate to the better grades—and they may think they can do better in this market, where the supply is more evenly distributed through the schedule.

##### LUMBERMAN AND MANUFACTURER, MINNEAPOLIS, MINN.

The very elements seem to be on a rampage this winter as if in anger at the policy pursued by the lumbermen this season. They are literally buried in snow all along the line which seriously interrupts their operations in the woods and at the same time nearly suspends milling and handling lumber.

At the markets along the river there is very little being done and as usual at this time of the year some of the holders are getting a little nervous over the dullness and the large stock on hand. The attitude of the Chicago fraternity also contributes some uneasiness to the situation and the lumber tariff question has greatly excited the lumber producers from Maine to Minnesota. In spite of all these things an early strong demand for lumber will restore serenity and confidence all round; even the little trade develops the fact that although the stocks are large they are terribly demoralized as to assortments.

##### ENGLAND.

We select the following items from the London Timber Trades Journal:

The relative value of mouldings made of pine and redwood is again being discussed in the columns of a contemporary. The matter is of some importance to our moulding mills, some of which find it more convenient to make use of American pine, and others of Swedish or Russian redwood. The question has been discussed in our columns at some length, and we are inclined to summarize the issue briefly thus: Redwood mouldings are the most economical, pine the best, so far as quality alone is concerned. Redwood mouldings are usually sold at rather low prices, and being in longer lengths, they furnish less waste. Pine mouldings can be more highly finished, and they better withstand the contact of exposure to heat.

Mahogany logs continue to realize good figures. There are many buyers on the lookout for cheap parcels, and especially logs of large size would meet with a ready sale, if prices could be reduced a little. Sellers meet all proposals for a reduction, however, with a display of much firmness. As is well known, there are a number of mahogany dealers who make a point of stocking only when the wood is selling at low figures, and then they often enough purchase two or three years' stock. An opportunity for re-stocking would be readily seized by some of these dealers. The fact is mahogany is once more, par excellence, the furniture wood of the day. We recognised some time ago the hold it was re-assuming in popular estimation, and its re-establishment in public favor is now almost complete.

We hear of several parcels of spruce deals having been placed at greatly reduced figures, and we understand that low-priced parcels are being freely offered in the country.

##### LIVERPOOL TIMBER SALES.

On Friday the 26th, Messrs. Alfred Dobell & Co. offered for sale by auction, without reserve, the cargo of bewn pitch pine landing ex Hovding from Savannah. Considering that the quality of the timber was but poor, the prices realized were fair, whilst those for planks must have been satisfactory to the lucky buyers.

Savannah bewn pitch pine—24 to 55 ft., 22 to 25 in. deep, 20d per foot; 34 to 58 ft., 21 do., 18 1/2d do.; 23 to 60 ft., 20 do., 17 1/2d do.; 34 to 67 ft., 19 do., 16 1/2d do.; 34 to 51 ft., 19 do., 16d do.; 42 to 69 ft., 18 do., 15 1/2d do.; 33 to 65 ft., 18 do., 15 1/2d do.; 28 to 65 ft., 17 do., 15 1/2d do.; 44 to 62 ft., 17 do., 15d do.; 24 to 59 ft., 17 do., 14 1/2d do.; 23 to 62 ft., 16 do., 15d do.; 44 to 62 ft., 16 do., 15d do.; 29 to 62 ft., 14 to 15 1/2 do., 14 1/2d do.; 31 to 62 ft., 11 1/2 to 12 1/2 do., 14 1/2d do. Sawn pitch pine planks—Chiefly 3x9, 12 1/2d to 13d do.

METALS.—COPPER.—Ingot has not met with much demand, and the market generally shows a slow sort of tone. Prices, too, have more or less irregularity, though on the small parcels of stock changing hands sellers are not inclined to allow any very important concession; quoted at about 17 1/2 to 18c. for Lake, but other brands are said to be available at lower figures. Manufactured copper is valued on a line of former list rates, and meets with a moderately active call. We quote nominally as follows: Brazier's Copper, ordinary size, over 16 oz. per sq. foot, 30c. per lb.; do. do. do., 16 oz. and over 12 oz. per sq. foot, 32c. per lb.; do. do., 10 and 12 oz. per sq. foot, 31c. per lb.; do. do., lighter than 10 oz. per sq. foot, 30c. per lb.; circles less than 84 inches in diameter, 33c. per lb.; do. 84 inches in diameter and over, 30c. per lb.; segment and pattern sheets, 33c. per lb.; locomotive fire box sheets, 30c. per lb.; Sheathing Copper, over 12 oz. per square foot, 27c. per lb., and Bolt Copper, 30c. per lb. IRON.—Scotch Pig, while not showing any very positive shading has a generally weak sort of tone, and

continues to sell in a slow uncertain manner. Offerings are ample and can be increased if necessary. We quote at \$2.25.50 per ton, according to quantity, quality, etc. American Pig has a very irregular market, and it is evident consumers intend confining themselves closely to the hand to month policy. There is also an inclination to select closely on quality, and only the very best grades find favor, leading to an accumulation of the more ordinary brands, and an occasional cutting of values. Prices as now named, as a rule, have a nominal basis only. We quote at \$23.50 to \$25 per ton for No. 1, X foundry, \$21.50 to \$23 for No. 2, X do. do., and \$20.00 to \$21.00 for gray forge. Rails have been selling in a small way at about former rates, but when bids can be obtained at all on the larger parcels they generally range \$10 to \$12 off. Old Rails are neglected and more or less nominal. Scrap iron not very active, but appears to be held with some degree of firmness. We quote rails at \$30 to \$31 for steel, according to delivery. Old rails \$24.50 to \$27.10 per ton; Scrap, \$25.50 to \$27. Manufactured iron finds only a moderate outlet on ordinary calls, and while a few contracts on architecture work are making, the general business is by no means satisfactory.

We quote Common Merchant Bar, ordinary sizes at 2.30 to 2.5c. from store, and Refined at 2.5 to 3c.; wrought bolts at 3 to 4c. Fish Plates quoted at 3.0 to 3.1c.; track bolt and nuts, 3 1/2 to 3 3/4c.; railway spikes 3 1/4 to 3 3/4c.; tank, 3 1/2 to 3 3/4c.; angle, 3.5c.; best flange, 3 1/2c., and domestic sheet on the basis of 3 1/4 to 4c. for common Nos. 10 to 16. Other descriptions at corresponding prices, with 1-10c. less on large lots from cars. LEAD.—Domestic Pig secures only moderate attention and generally the market has a dull tone. Openly the offerings are moderate, but a larger supply of stock could be found if called for. We quote at about 4 1/2 to 4 3/4c. per lb., according to brand and the size of invoice handled. The manufactures of lead are steady and quoted: Bar, 6 1/2c.; Pipe, 6 3/4c.; and Sheet, 7 1/2c., less the usual discount to the Trade; and Tin-lined pipe, 15c.; block tin Pipe, 35c., on same terms. TIN.—Pig remains in a somewhat feverish and uncertain condition. A very fair footing is reached on the aggregate of small lots changing hands, but were an effort made to place larger quantities success would be difficult even at a material shading on values. We quote at 21 to 21 1/4 for Straits and Australian, 22 to 22 1/4 for English L and F, 22 1/4 for English Refined, and 21 to 21 1/4 for Billiton. Tin Plates have a slow and more or less uncertain sale, and while values undergo no radical change the undertone of the general market is weak and unpromising. We quote I. C. Charcoal, third cross assortment, \$6 to \$6.05 for Allaway grade, and \$6.45 to \$6.50 for Melyn grade; for each additional X add \$1.25 and \$1.50 respectively; I. C. Coke, \$5.12 1/2 to \$5.15 for B. V. grade; \$5.37 1/2 to \$5.62 1/2 for Derwent and A. B. grade; Charcoal, terme, \$5.15 1/2 to \$5.40 for Allaway and Dean grades, 14x20; \$10.37 1/2 to \$11 for do. 20x28; Coke terme, \$4.87 1/2 to \$5.92 1/2 for Glais grade 14x20, and \$10.10 to \$10.28 for do. 20x28—all in round lots. Spelter finds no increase of demand and prices continue tame all around. We quote at 4 1/2 to 5c. as to brand, etc. Sheet zinc moderately active at about 6 1/2 to 7 1/2c. for "cask" and "open."

NAILS.—Demand continues moderate and uncertain, with the market, as a whole, in a most decidedly unsatisfactory situation. Efforts have been made to infuse a steadier tone, but without much, if any, success, and the buyer really has all the advantage. The manufacturers' associations have recently held meetings and reaffirmed old list rates, but this appears to be simply a farce, as actual business is generally at quite a shading from "regular" figures. Threats of reduced production even to an entire shutting down of mills are quite common.

We quote nominally at 10d to 60d, common fence and sheathing, per keg, \$3.50; 8d and 9d, common do., per keg, \$3.65; 6d and 7d, common do., per keg, \$3.90; 4d and 5d, common do., per keg, \$4.15; 3d, per keg, \$4.55; 3d, fine, per keg, \$5.65; 2d, per keg, \$5.00. Cut spikes, all size, \$3.65; floor, casing and box, \$4.15 to \$4.90; finishing, \$4.40 to \$5.15.

Cinch Nails, —1 1/2 inch, \$5.50; 1 3/4 inch, \$5.25; 2 inch, \$5.40; 2 1/4 to 2 3/4 inch, \$5.15; 3 inch and longer, \$4.90.

PAINTS AND OILS.—Little or no variation can be noted in the general features of this market. In common with all other articles of merchandise the distribution of paints, colors, oils, &c., to interior points is retarded by the effects of the recent floods, and trade thus lost, it is feared in many cases, will be difficult to recover this season. Local calls are fair but not active, and buyers seem quite determined to move with caution, and a close calculation to immediate and well defined wants. The amounts of stocks available continue ample and well assorted, with holders offering readily. White Lead in oil appears some easier with jobbing sales reported at 6 1/2c. and wholesale parcels as low as 6 1/4c. under competition from the West. Linseed Oil meeting with about an average demand and showing no great change on the general line of values though it is thought that for large parcels buyers could obtain an advantage. As we close the quotations stand about 55 to 57c. for domestic, and 59 to 60c. for Calcutta from first hands.

PITCH.—A slow trade doing on regular outlets, and in ordinary form with the general market about steady. Supplies fair and easily available. The quotations are \$2.25 to \$2.30 for City, delivered.

SPIRITS TURPENTINE.—For local use the call has continued very fair, in some cases showing an increase but not enough to infuse any positive animation into the market. First hand lots were moderately active with no great variation in value, though if anything, the inclination was slightly in buyers' favor. As this report is closed, the quotations stand about 53 to 55c. per gallon, according to quantity handled.

TAR.—Supplies offered fairly and at about former rates, with little change in the tone or general features of the market. Holders appear confident, and in some instances predict an early advance on values for the best stock. We quote \$2.75 to \$3.00 per barrel for Newberne and Washington, and \$2.57 1/2 to \$3.25 for Wilmington, according to size of invoice.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.
